Swim Lesson Descriptions

www.bcmud.org/SwimLessons

Parent and Child (6 months-2 years, 11 months): Parent and Child classes focus on familiarizing children between the ages of 6 months to 2 years, 11 months with the water and preparing them to learn swimming skills in the future. The class provides parents with safety information and teaches techniques parents can use to orient their children to the water.

Preschool (3-4 years, 11 months): Preschool classes familiarize children ages 3 to 4 years, 11 months to the aquatic environment and help them acquire basic aquatic skills, such as entering the water safely, blowing bubbles, assisted arm/leg action, and assisted floating.

Learn to Swim Level 1 & 2 (5-12 years): Classes orient students age 5-12 years to the aquatic environment and help them begin to develop positive attitudes and safe practices around water and help them acquire aquatic skills, such as bobbing under water, retrieving objects, and floating while slowly becoming comfortable without the assistance of their instructor in skills, such as front glides, floats, and combined arm & leg action.

Learn to Swim Level 3 (5-12 years): Level 3 classes have students working to swim short distances independently to their instructor while focusing on skills, such as front crawl, elementary backstroke, and breaststroke.

Learn to Swim Level 4 - 6 (5-12 years): Level 4, 5, & 6 classes have students build on water skills learned from levels 1, 2, & 3 as students begin swimming longer distances to their instructor while focusing on building stamina and improving techniques in skills, such as front crawl, back crawl, elementary backstroke, breaststroke, butterfly, treading water, and diving.

Intro to Swimming for Adults: Learn beginning through intermediate swimming skills and strokes while breaking through any hesitations or fears of the water. Instructors will create a lesson plan to match the needs of each participant. All skill levels are welcome.

Private / Semi Private: Receive the undivided attention of your instructor with Private or Semi-Private Lessons and progress through skills faster. Lessons are available for any age and skill level. We are also happy to customize private lessons for students with physical disabilities or other special needs. On the first day of lessons the instructor will discuss goals and do a quick evaluation of participants to determine what skills should be improved on.

Instruction curricula: Instructors are focused on increasing stamina, distance, and stroke proficiency, while also helping students prepare for competitive swimming with introductions to lane etiquette and competitive starts and turns.
