### Current News & Main Events

## 14<sup>th</sup> Annual Brushy Creek Backyard BBQ Cook-Off & Family Festival

Saturday, May 6 | 12:00 - 6:00 pm | Community Center

There's something for everyone at the 14<sup>th</sup> annual Backyard BBQ Cook-Off! Cook teams compete in this Lone Star BBQ Society-Sanctioned cook-off while families enjoy a full range of activities. Several live bands will take the stage and the kid zone will have games and inflatables.

BBQ plates are available for purchase and a variety of food vendors will be on site. Bring a lawn chair or blanket and enjoy the FREE concert series! Visit [www.bcmud.org/cookoff](http://www.bcmud.org/cookoff) for the schedule of events.

**Rain or Shine!** Texas BBQ ~ Live Music ~ Children's Activities

(Your bank mails the District a check)

**Water Conservation Info:** Visit [www.bcmud.org](http://www.bcmud.org) > Utilities & Resident Services > Water Conservation & Restrictions for any water restrictions and ways to conserve water.

### Water-Efficient Products Sales Tax Holiday

#### May 27-29, 2023

The Comptroller encourages all taxpayers to support and buy from Texas businesses while saving money on tax-free purchases of certain water-efficient and water-conserving products during the annual Texas **Water-Efficient Products Sales Tax Holiday**. There is no limit on the number of qualifying items you can buy, and you do not need to give the seller an exemption certificate to buy items tax free.

The 2023 holiday begins Saturday, May 27, and goes through Monday, May 29 (Memorial Day).

#### WaterSense Products

During the holiday period, you can buy any **product** tax free that displays a **WaterSense® label or logo**. These items can be bought for either personal or business purposes.

#### Water-Conserving Products

You can also buy certain water-conserving products tax free during the holiday period. Unlike WaterSense®-labeled items, these items are only exempt when you buy them for use at your residential property.

Examples of items that qualify for the exemption include:

- A soaker or drip-irrigation hose
- A moisture control for a sprinkler or irrigation system
- Mulch
- A rain barrel or an alternative rain and moisture collection system
- A permeable ground cover surface that allows water to reach underground basins, aquifers or water collection points
- Plants, trees and grasses
- Water-saving surfactants
- Soil and compost
